ECOWAS Sustainable Energy Forum 2020 - Virtual - 24-26 November 2020

🕒 Il y a 2 semaines

The Economic Community of West African States (ECOWAS) Centre for Renewable Energy and Energy Efficiency (**ECREEE**) will be hosting the fourth edition of the annual ECOWAS Sustainable Energy Forum (**ESEF**) on 24-26 November 2020.

The event will be organised in partnership with the Alliance for Rural Electrification (**ARE**), the global decentralised renewable energy industry association, and supported by **GETinvest**, Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) and the Austrian Development Cooperation (ADC). The event sees Energy Catalyst as sponsor. We are also delighted to announce that the

New rules on trade of dual-us...

New rules on trade of dual-use items agreed.

The EU will soon be equipped with a set of new rules allowing for more accountable, competitive and transparent trade of dual-use items. These are a vast group of goods, materials, software and technology which can be used for both civil and military purposes in order to prevent human rights violations and security threats. The regulation now includes an EU-level coordination mechanism as general EU export authorisations for the export of dual-use items: one for cryptographic items and one for intra-group technology transfers under certain circumstances. The regulation strengthens the enforcement of controls through improved cooperation between licensing and customs authorities. The regulation introduces a new provision on transmissible controls, allowing
